CALABOGIE PEAKS (1983) INC.

SPRING 1986

## THANK YOU, SKIERS!

### Season Wrap-Up

The Peaks would like to thank all those who participated in our Christmas "Ski with Your Heart". This special ski day was to help raise funds for the Ontario Heart and Stroke Foundation, to which all profits were donated. We intend to repeat this effort next year and look forward to seeing you all on the slopes.

### Racing Reports

The Calabogie Peaks Racing Programs have had a strong and successful year in '85-'86. We hosted a total of ten Downhill and Giant Slalom Adult Races over the season.

Sincerest thanks go out to Molson's and to Steve Podborski, who found the time to join us again. Also thanks to Hiram Walker's/Canadian Club, and Kalhua for their sponsorship, to Lee Harrison of Boots and Boards, the Ottawa Valley World Tour Organization and to the Upper Ottawa Valley ski zone. And to all officials, organizers and coaches, who did such a professional job throughout the season, many thanks and see you next year.

### Nancy Greene League Triumphs

Our Nancy Greene League teams successfully defended their Ottawa Valley Championship this year. The finals were held March 1st here at the Peaks, with Steve Podborski on hand to forerun the course.

Peaks teams finished in first, second, fourth, and fifth places.

Sixty youngsters skied in the league this year, and each one was an important part of the team's success. Our congratulations to each competitor, and many thanks to coaches Brian Alexander and Terry McLaughlan. We are delighted to host such a successful program, and look forward to welcoming upcoming Greener's next season.

### Mardi Gras '86

To all those who formed the organizing team a *big* thanks for spearheading a fun, friendly, activity-filled weekend. It would take more than a thousand words to paint a picture of our Mardi Gras this year, so if you weren't here February 8th and 9th you'll have to come next year to find out what a great time you missed.

A second *big* thanks to all those who contributed the outstanding prizes for all the events.

### Ski School News

Joanne Prucha, our very capable Skiing in Schools Supervisor from Lakehead University's Ski Area Management program, has finished her work-training with us. We will miss her, and wish her all the best in the future.

We want to thank our weekday Ski School staff for another great year of Skiing in Schools. More than 6,000 students made use of the program this year during the months of January and February, from over eighty schools in the Eastern Ontario Region. We invite all teachers (and students) to inquire about a ski day and/or week for your classes in '86-'87.

The Peaks Ski Instructor team gained nine new Level I Instructors at the Canadian Ski Instructors Alliance clinic held on our slopes in March. Congratulations and welcome to: Ethel Bonnell; Leslie Cassidy; Donna Fillator; Lark Hodgins; Kim Martin; Harold Murphy Jr.; Liz Pilaski; Bob Pedherney; Jeffery Weames.

Anyone interested in becoming an instructor in either our weekend or weekday programs is encouraged to contact the Ski School through the Peaks office.

A final thank you for a great ski season to Bill Hodgins and Bud Hall who made us all look good on the slopes.

### Our Rising Star

Garnet Struthers of Peaks Village, Calabogie, Ontario was successful on his 66th birthday in winning a Gold Medal in the Molson's Canadian Masters Alpine Giant Slalom, Eastern Ontario series at Calabogie March 1st/86. Garnet accepted the challenge and he and his wife Lila

## 5 Day Learn To Ski

This year we launched a Christmas Learn to Ski Week, which ran from December 27th to 31st, '85. We plan to continue this program in '86-'87. Inquire in the fall for date and details of a great Christmas holiday package!

## Thank You's

The Calabogie Peaks family wish to express their thanks to all those whose support and interest made for an enjoyable and successful season.

A special thanks to:

## Summer Improvements

We are going to be busy this summer at the Peaks, working to make your '86-'87 ski season the best one yet. Snowmaking facilities will be expanded again, with a pipeline up Whistlin' Paddy to ensure good snow top to bottom, and more portable snow guns to increase coverage. With this increase in snowmaking we hope to extend our season. To this end we are programming to build an off-loading ramp at tower 9 on the chairlift so we can open the bottom half of Whistlin' Paddy for early and late season skiing.

AREA — 1. Existing Snowmaking (solid line)  
2. Extensions (dotted line)

It is our objective to open early as possible and enjoy spring skiing as late as we can. We are planning summer

and fall brushing, grooming and rock collecting parties to spruce up our hill and we invite you to come out and get involved. Please give us a call at 1-800-267-8810 or (613) 752-2720 if you wish to lend support and enjoy a BBQ lunch on us.

For our Cross Country skiers we are cutting a 10 kilometer loop to add to our existing trails. Improvements are planned on the Pond to ensure skating and curling activities next season.

## Hotel

Although official opening will be this fall, our 64 bed hotel complex is nearing completion and will be open throughout the summer. Arrangements have been made with the Calabogie Highlands, a first class, championship eighteen hole golf course — par 72 — 7,014 yards to ferry hotel guests to and from the course. Similar arrangements are in process to bus guests back and forth for a whitewater experience.

Valley Hill Construction Ltd. is programming to build on our facility 12 condominium units and they are presently finalizing their design and site work. For information please call —

## Remember The Peaks This Summer

The Peaks wants to provide you with recreation and entertainment facilities all year round. Our beautiful lodge is an ideal spot for your banquet, dance or meeting this summer. We plan to make our waterfront an attractive addition to lovely Calabogie Lake. Bring your family to swim, sun, or sail.

NOTES: Summer Activities

1. Demolition Derby and Dance July 12th, 1986.
2. Summer concerts — help us program.
3. Biking, Bird Watching, Mountain Hiking — picnic tables on top for afternoon snack.
